e-Smog protectors

e-Smog protectors that are now available including NEW Personal pendants in Gold and Silver.

Do you have radiation disorders? How many of you have children who use Mobile Phones? More often than not radiation related symptoms include headaches, sleeplessness, lack of energy - constant tiredness, concentration disorders (ADD), circulation disorders, allergies and low immunity, as well as rogue cell proliferation due to stress, Tumour development favoured, to name but a few. When the body's own signals are disrupted, e.g. through interference from technically-generated alternating fields or charge separation of the body's electrolytes, it is to be expected that health disorders will result.

WillauTronic® technology is the answer. Mobile phone transmitter masts are everywhere!, Walter has found a way to protect and neutralize ourselves from the harmful effects of increasing and excessive radiation caused by e-smog from cell/mobiles, cordless phones, computers, microwaves, TVs, satellites, radios etc.

Paradise Nut Meal (for reduction of the incidence of cancer and cardial infarct)

Paradise nut meal as a natural selenium source. Selenium is normally added to food supplements as selenium yeast or inorganic selenium salt. Neither of them is a natural form of selenium. In contrast the paradise nut (related to the Brazil nut) is a species which concentrates Selenium from the soil (if there is any) in the seeds and therefore the seeds can be used as a natural form of selenium. Refining its oil and extract the presscake with hypercritical CO₂, grind, homogenize and standardize to obtain a fine white meal which contains selenium in a natural form Selenium has many beneficial effects, among which are the reduction of the incidence of cancer and cardial infarct. It strengthens the immune system and therefore minimizes viral and bacterial infections.

BICOM 2000 (non-invasive, painless computer-modulated therapy for allergies, skin problems, digestive and hormonal disorders and also to stop smoking)

Bioresonance machine from Germany is a gentle non-invasive, painless computer-modulated therapy, which aims to deal with the cause of a problem and not only the symptom. It was developed over the last 25 years and has been found useful to help patients with a wide range of different conditions as it stimulates a person's inherent immune system. The treatment has successfully been used for allergies, skin problems, digestive and hormonal disorders and has been well received by the public. IBioresonance has recently made headlines in Europe for supporting people in their efforts to stop smoking.

Alsiroyal Blood Sugar Control , Microcirculation, Menopause Active , Blood Pressure Control

with natural cinnamon catechines to improve blood sugar level

Scientific studies demonstrate that the catechines contained in cinnamon naturally lower the blood sugar level.

Alsiroyal Diabetic Microcirculation

with natural plant ingredients and essential nutrients to improve microcirculation
The vessels and blood cells of diabetics are less flexible which affects microcirculation negatively, especially from eyes, kidney and feet.

Clinical proven to:

Alsiroyal Plus Menopause Active

with natural soy isoflavones to improve menopausal symptoms
Women over 40 years are afflicted frequently with menopausal complaints like hot flushes, sweatings, sleep disturbances, uneasiness and irritability.

Alsiroyal Plus Menopause Active reduces and improves menopausal symptoms and supports the health of the cardiovascular system, the female breast as well as the bones.

Alsiroyal Blood Pressure Control

with natural cocoa flavanols to improve blood pressure High blood pressure is characterized by loss of vessel elasticity and increased vascular deposits. Thus it comes to constriction

and hardening of the vessels - the organs and tissues cannot be supplied adequately with oxygen and nutrients. Therefore a permanently increased blood pressure is a risk factor for cardiovascular problems. But via a flexible vascular system the blood pressure can be maintained in balance and the heart can be protected.
